IT MANAGEMENT THAT'S POWERFUL, AFFORDABLE, & EASY TO USE!

SECURITY & COMPLIANCE

Ensuring Security Automation & Compliance?
Automate 24x7 security monitoring and response to stop threats in their tracks and maintain continuous compliance.

NETWORK

Network Performance Issues?
Monitor & manage your network with unified visibility into fault, performance, availability, traffic, & configurations.

DATABASE

Waiting on the Database?
Find, analyze & resolve your toughest performance issues on SQL Server®, Oracle®, MySQL®, Sybase ASE®, and DB2 LUW®.

APPLICATION & SERVER

Why is the App Slow?
Detailed visibility with a direct line of sight across the application stack (app, server, VM & storage) to find and fix problems quickly.
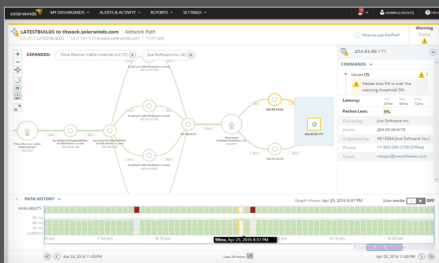

HELP DESK & DESKTOP SUPPORT

Difficulty Handling Service Requests?
Simplify help desk management tasks, and gain remote desktop access for faster end-user support & troubleshooting.

FEATURED SOLUTION FOR NETWORK & SYSTEMS MANAGEMENT

NETWORK PERFORMANCE MONITOR
Fault, Availability, Performance Monitoring & Troubleshooting

NETWORK

- Advanced network troubleshooting for on-premises, hybrid, and cloud services with critical path hop-by-hop analysis
- Customizable topology and dependency-aware intelligent alerts
- Dynamic wired and wireless network discovery and mapping
- Automated capacity forecasting, alerting, and reporting
- Comprehensive monitoring of F5® BIG-IP® family of products

www.solarwinds.com/NPM

SERVER & APPLICATION MONITOR
Find & Fix Application Performance Problems Faster

APPLICATION & SERVER

- Out-of-the-box monitoring templates for 200+ enterprise applications including IIS™, Exchange, SQL, AD, Linux® and more
- Monitor any application from commercial apps to custom/home-grown apps—across on-premises and cloud environments
- Map dependencies between applications and underlying physical and virtual server infrastructure for troubleshooting performance problems
- Monitor server performance, perform capacity forecasting, track asset inventory, and remediate server issues remotely with built-in tools
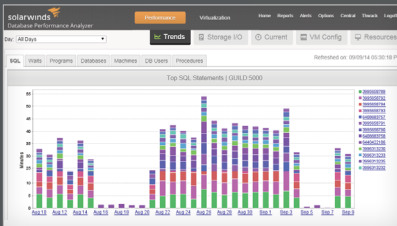

www.solarwinds.com/SAM

Troubleshoot Performance Issues Quickly with Network Critical Path Analysis

The all new **NetPath Services** dashboard in NPM v12.0 lets you view network performance, traffic, and configuration details, all along the service delivery path. Benefit from critical path visualization regardless of device location—on-premises, hybrid networks, or in the cloud.

DATABASE PERFORMANCE ANALYZER
Find & Resolve Database Performance Issues

DATABASE

SECURITY & COMPLIANCE

- Identify the performance problems most impacting end-user response time
- Isolate root-cause of database bottlenecks in just four clicks
- View historical trends explaining performance over days, months & years
- See a direct correlation between database response time and VMware® resource metrics

www.solarwinds.com/DPA

LOG & EVENT MANAGER
### SIEM for Resource-Constrained Security Pros

- Real-time in-memory event correlation
- Built-in Active Responses for automated and rapid threat remediation
- Advanced search capabilities for fast and easy forensic analysis
- Built-in file integrity monitoring and USB defense
- Pre-packaged templates for simplified compliance reporting

SolarWinds network and systems management software are built on the Orion® platform which allows for seamless integration between all products from a single Web interface. Benefit from intelligent data correlation across products, centrally manage alerts, reports, discovery, and maps, and simplify deployment with a modular approach.

ABOUT SOLARWINDS

SolarWinds provides powerful and affordable IT management software to customers worldwide from Fortune 500 enterprises to small businesses. In all of our market areas, our approach is consistent. We focus exclusively on IT Pros and strive to eliminate the complexity that they have been forced to accept from traditional enterprise software vendors. SolarWinds delivers on this commitment with unexpected simplicity through products that are easy to find, buy, use and maintain while providing the power to address any IT management problem on any scale. Our solutions are rooted in our deep connection to our user base, which interacts in our online community, thwack® www.thwack.com to solve problems, share technology and best practices, and directly participate in our product development process. Learn more today at www.solarwinds.com. For Federal Government pricing, contact FederalSales@solarwinds.com.
